

## SHARE QUESTION ON INSTRUMENTAL ACTIVITIES OF DAILY LIVING

This variable is constructed using items PH049d7 to PH049d13

It describes the number of limitations with instrumental activities of daily living reported by each individual (IADL).

### PH049\_ MORE HEALTH AND ACTIVITIES

Here are a few more everyday activities. Please tell me if you have any difficulty with these because of a physical, mental, emotional or memory problem. Again exclude any difficulties you expect to last less than three months. (Because of a health or memory problem, do you have difficulty doing any of the activities on card 10?)
