Healthy life years – Slovenia

Tina Lesnik, MD, National Institute of Public Health

Healthy Life years - Slovenia

- Resolution on national health care plan 2016 – 2025 (Together for healthy society)
- HLY and self-perceived health (EU-SILC using GALI questionnaire) → two of indicators of outcome

Healthy Life years - Slovenia

Use of:

- EHIS - European Health Interview Survey (2007, 2014)
- EU-SILC – Survey on Income and Living Condition (from 2005 on)
- SHARE – Survey on Health, Ageing and Retirement in Europe, 5th wave

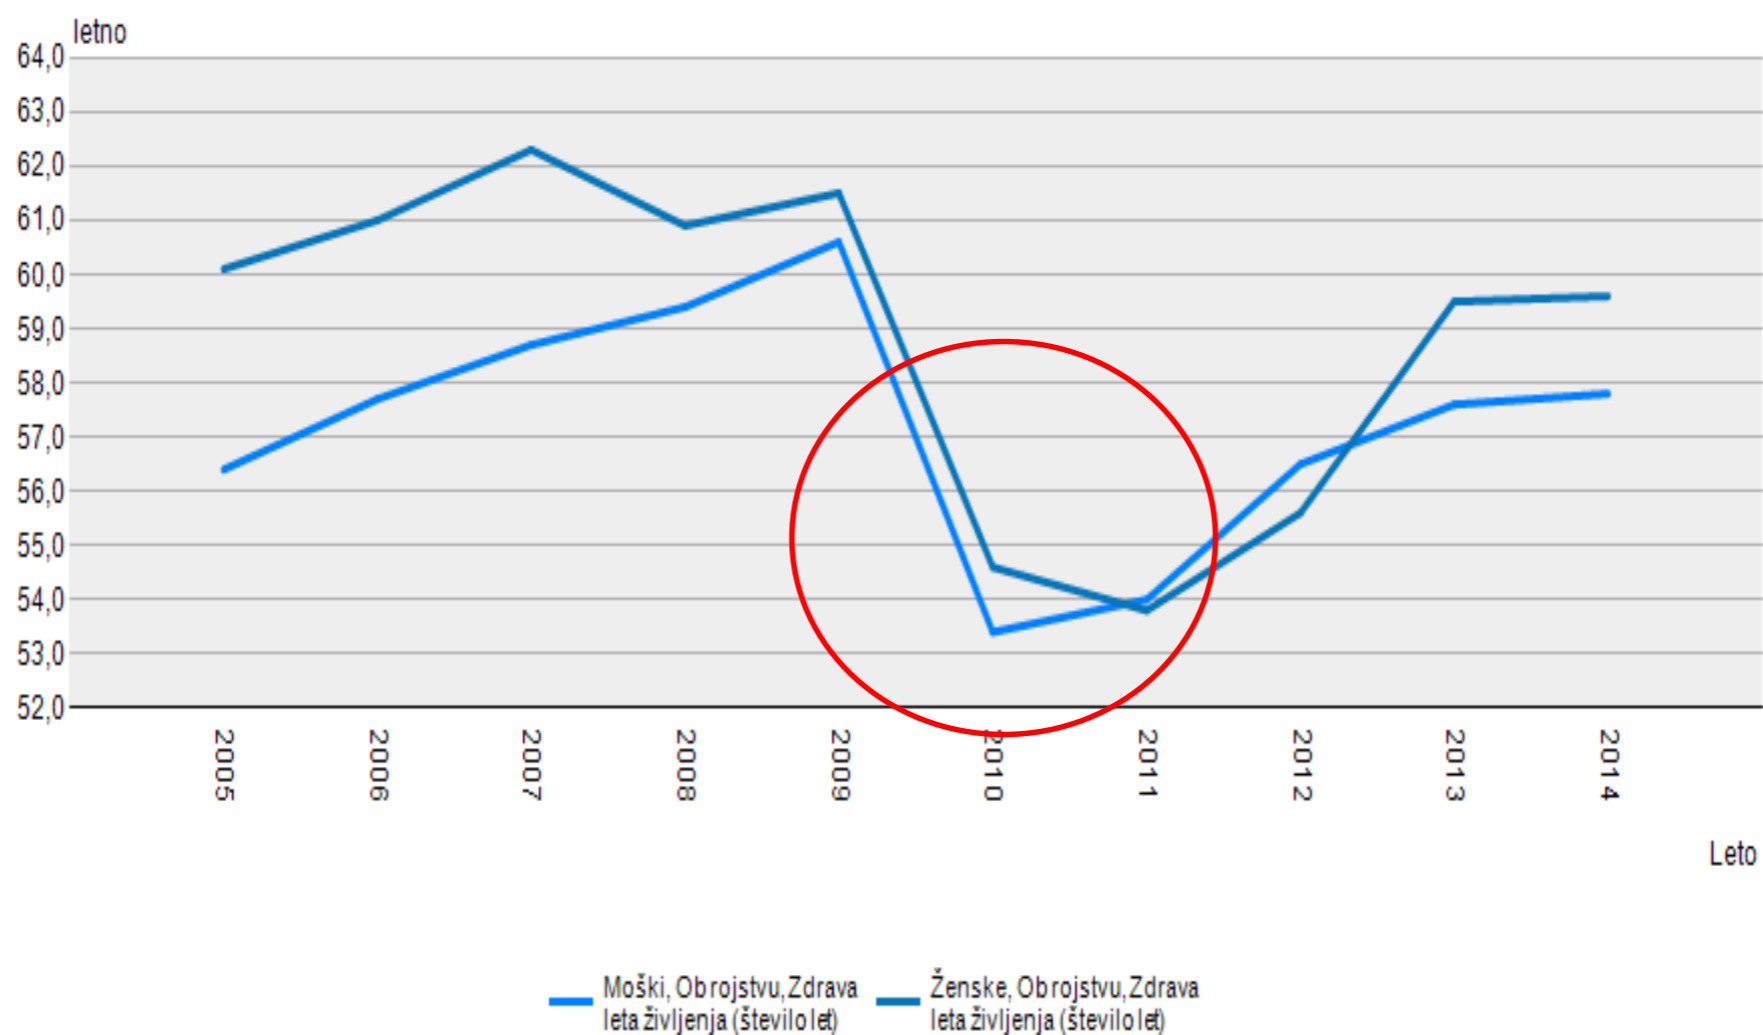

Healthy Life years - Slovenia

Presentation of HLY:

- Slovenian Health Data Portal – national level
- Regional level (i.e. NUTS3 level) – sample size!
- Presentations and publications: Health Statistic Year Book, Inequality report

Healthy Life years - Slovenia

- Methodological issue
